Box 691
Jal, New Mex.

Gentlemen:

We are returning Form C-103 showing remedial work on your Dangle No. 2 in Unit P of Section 13, T-22-S, R-37-E without approval because the work outlined on this form does not correspond with the proposed work outlined on Form C-102 which was approved on February 28, 1957.

Further, we would like to have you clarify the following points:

- (1) Were the perforations to 6672'-6740' squeezed off?
(shows only 6060'-6333')
- (2) Is 6060' or 6070' the correct top of perforations?

Yours very truly,

OIL CONSERVATION COMMISSION
