Downhole Commingle Permit DHC-694
Drinkard and Tubb Pools

Gentlemen:

According to your recently submitted Form C-103 the above-referenced well has been downhole commingled according to DHC-694.

This is to request that you advise your gas transporter, El Paso Natural Gas, of this downhole commingle authority and request that they report the proper percentage of the gas to the Tubb which is in the Tubb prorated gas pool.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
