Gentlemen:

By Administrative Order NSP-28, dated June 2, 1955, an 80-acre non-standard gas proration unit in the Blinbry Gas Pool was approved for the subject well.

Operator respectfully requests this unit be altered to include all of the northeast quarter of Section 15, T-22-S, R-37-E, as indicated on the attached plat. By mutual agreement with operators in the south half of the northeast quarter, the 160 acres consisting of all of the northeast quarter of Section 15, T-22-S, R-37-E, has been communitized. The approval of this request will eliminate the necessity of a Blinbry Gas Pool completion in the south half of the northeast quarter of Section 15, T-22-S, R-37-E.

Yours very truly,
