Gentlemen:

Due to a recently submitted gas-oil ratio test for your New Mexico "M" State Well No. 12 located in Unit M of Section 17, T-22-S, R-37-E, the well is being reclassified as an oil well in the Eumont Pool effective September 1, 1981, and the gas allowable is being cancelled that date.

In order that we can assign an oil allowable for the well, it will be necessary for you to submit Form C-104 with the first three sections completed designating the oil transporter.

Yours very truly,

OIL CONSERVATION DIVISION
