Gentlemen:

New Mexico Oil Conservation Commission Administrative Order MSP-480 approved a non-standard Eumont Pool gas proration unit for Humble Oil & Refining Company's New Mexico State "M" Well No. 4. This non-standard unit consists of the NW/4 of Section 19, T-22-S, R-27-E, Lea County, New Mexico.

The northeast quarter of Section 19 is unorthodox in that it contains only 154.02 acres. This acreage was incorrectly shown as 160 acres on our Form C-128 filed with our application of March 6, 1959.

Attached are revised dedication plats to correct the dedicated acreage to 154.02 acres. It is respectfully requested that all records be revised in accordance with this plat.

Yours very truly,

Humble Oil &amp; Refining Company
