VICE PRESIDENT & MANAGER

DALLAS, TEXAS

September 29, 1936.

Mr. F. J. Vesely,
State Oil & Gas Inspector,
P.O.Box 522,
Carlsbad, New Mexico.

Dear Sir:

Your letter to this company dated September 24th regarding Will Cary well No.1 drilled by us in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec.21, T.22 S., R 37 E, has been referred to the writer for reply.

Wish to advise you that our Report, Form C-105, "Well Record" showing 8-1/4 casing cemented with 150 sacks cement and 7" casing cemented with 50 sacks cement is in error and that form C-101, "Notice of Intention to Drill" showing 300 sacks of cement for 8-1/4 and 200 sacks for 7" is correct.

We are very sorry that this error occurred and will see that these reports are made out correctly in the future.

We are requesting our Field Superintendent, Mr. R. T. German at Odessa, Texas, to mail you the reports asked for in your letter and we will see that you are furnished all reports required promptly in the future.

Yours very truly,
