Gentlemen:

Due to the recently submitted gas-oil ratio test, the E. Wood Well No. 5 located in Unit B of Section 22, T-22-S, R-37-E, will be reclassified as an oil well in the Blinbry Oil & Gas Pool effective January 1, 1984, and the gas allowable will be cancelled that date.

Please submit two copies of a revised Form C-102 outlining a 40 acre proration unit for the well. In the event that the transporter(s) change due to this reclassification, please also submit Form C-104 so indicating.

Since simultaneous dedication of acreage to oil and gas is prohibited in the pool, it will be necessary to reduce the proration unit for Well No. 10 by deleting Unit B. Please submit two copies of a revised Form C-102 making this change, and also apply for a non-standard proration unit order for Well No. 10.

Yours very truly,

OIL CONSERVATION DIVISION
