

# OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below.

# THE HISTORY OF THE UNITED STATES

## CHAPTER I

The first part of the history of the United States is the story of the early years of the nation. It begins with the discovery of the continent by Christopher Columbus in 1492. The first European settlers arrived in 1607, and the first American colonies were founded. The colonies grew and developed, and in 1776 they declared their independence from Great Britain. The American Revolution was fought, and the United States was born.

The second part of the history of the United States is the story of the early years of the nation. It begins with the discovery of the continent by Christopher Columbus in 1492. The first European settlers arrived in 1607, and the first American colonies were founded. The colonies grew and developed, and in 1776 they declared their independence from Great Britain. The American Revolution was fought, and the United States was born.

The third part of the history of the United States is the story of the early years of the nation. It begins with the discovery of the continent by Christopher Columbus in 1492. The first European settlers arrived in 1607, and the first American colonies were founded. The colonies grew and developed, and in 1776 they declared their independence from Great Britain. The American Revolution was fought, and the United States was born.

The fourth part of the history of the United States is the story of the early years of the nation. It begins with the discovery of the continent by Christopher Columbus in 1492. The first European settlers arrived in 1607, and the first American colonies were founded. The colonies grew and developed, and in 1776 they declared their independence from Great Britain. The American Revolution was fought, and the United States was born.

The fifth part of the history of the United States is the story of the early years of the nation. It begins with the discovery of the continent by Christopher Columbus in 1492. The first European settlers arrived in 1607, and the first American colonies were founded. The colonies grew and developed, and in 1776 they declared their independence from Great Britain. The American Revolution was fought, and the United States was born.

The sixth part of the history of the United States is the story of the early years of the nation. It begins with the discovery of the continent by Christopher Columbus in 1492. The first European settlers arrived in 1607, and the first American colonies were founded. The colonies grew and developed, and in 1776 they declared their independence from Great Britain. The American Revolution was fought, and the United States was born.

The seventh part of the history of the United States is the story of the early years of the nation. It begins with the discovery of the continent by Christopher Columbus in 1492. The first European settlers arrived in 1607, and the first American colonies were founded. The colonies grew and developed, and in 1776 they declared their independence from Great Britain. The American Revolution was fought, and the United States was born.

The eighth part of the history of the United States is the story of the early years of the nation. It begins with the discovery of the continent by Christopher Columbus in 1492. The first European settlers arrived in 1607, and the first American colonies were founded. The colonies grew and developed, and in 1776 they declared their independence from Great Britain. The American Revolution was fought, and the United States was born.
