Gentlemen:

On September 6, 1955, Gulf Oil Corporation made application for a 120-acre non-standard gas proration unit in the Blinberry Gas Pool covering our A. L. Boyd Lease, located in Section 23, T-22-S, R-37-E, Lea County, New Mexico.

In this application the description of the 120 acres was erroneously stated as being the E/2 and SW/4 of Section 23, T-22-S, R-37-E, and should have read the E/2 of SW/4 and SW/4 of SW/4 of Section 23, T-22-S, R-37-E, Lea County, New Mexico.

The plat accompanying the application correctly reflected the unit to be formed, and we request that you take note and correct the discrepancy of the description of the non-standard gas proration unit on our original application. Other than this change, the application is correct.

Yours very truly,

E. L. THOMPSON
