Re: Application to Dually Complete
Sinclair Ollie Boyd #5 in the
Tubb Gas Pool, Lea County, New
Mexico.

Gentlemen:

Sinclair Oil & Gas Company wishes to make this application for an order authorizing the dual completion of the subject well in the Tubb Gas Pool.

In this connection Sinclair wishes to state:

1. Sinclair Oil & Gas Company is the Operator of the Ollie Boyd #5 well located SW/4 of the NW/4 of Section 23, T-22-S, R-37-E, which was completed October 23, 1945 as a plug back total depth of 6578 ft. Five and one-half inch casing was set at 7512 ft. and cemented with 400 sacks and perforated in the Drinkard oil zone from 6328 ft. to 6423 ft.
2. The lease on which this well is located consists of contiguous quarter quarter sections and is described as follows: NW/4 of Section 23, T-22-S, R-37-E. The well is located 330 ft. from west and 480 ft. from south lines of this unit. The royalty interests and the leasehold interest are common under this unit. Subject unit may reasonably be presumed to be productive of gas.
3. Sinclair proposes to dually complete subject well in the following manner:
 - a. Perforate the 5 1/2 inch casing from 5850 ft. to 6105 ft. in the Tubb Gas Pool.
 - b. Set a Production Packer below the Tubb perforations at approximately 6300 ft. to separate the two pay zones.
 - c. Produce the Tubb gas through the Tubing-Casing Annulus and the Drinkard oil through the Tubing.

4. Sinclair believes that the granting of this application is in the interest of conservation and the protection of correlative rights.
5. Sinclair will comply with all the rules and regulations of the Commission applicable to dual completions and the separation of pay zones.
6. Sinclair believes that the manner and method of this proposed dual completion is mechanically feasible and practical.
7. Sinclair has notified all offset operators of this application via registered mail. Said operators are listed below.

Sinclair, therefore, requests that this application for a dual completion be granted by the Commission.

Yours very truly,

SINCLAIR OIL & GAS COMPANY
