INSTRUCTIONS

This form shall be prepared and filed in accordance with the District Office of the Oil Conservation Commission, showing the unit from which oil or gas is produced. A separate certificate shall be filed for each transporter authorized to transport oil or gas from the unit. After said certificate has been approved by the Oil Conservation Commission, a copy shall be furnished to the transporter, one copy returned to the producer and one copy retained by the Oil Conservation Commission.

A new certificate shall be filed to cover each change in operating ownership and each change in the transporter except that in the case of a temporary change in transporter involving less than the allowable production for one production period the operator shall in lieu of filing a new certificate notify the Oil Conservation Commission District Office and the transporter authorized to transport on file with the Commission, by letter of the estimated amount of oil or gas to be moved by the transporter temporarily moving oil or gas from the unit and the name of such temporary transporter and a copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certificate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipeline connection and authorization to transport oil and gas from the property named thereon and shall remain in full force and effect until:

- (a) Changing ownership changes
- (a) The transporter is changed or
- (c) The permit is cancelled by the Commission

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases where this certificate is filed to cover a change in operating ownership or a change in the transporter designated to move oil or gas, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.

A separate report shall be filed to cover each producing unit as designated by the Oil Conservation Commission.
