PACKER_SETTING AFFIDAVIT (Dual Completions)

County of Les G. W. Osborn
County of Les G. W. Osborn oath deposes and says: That he is of lawful age and has full knowledge of the facts herein set out. That he is employed by Gulf Oil Corporation in the capacit of Production Foreman and as such is its authorized agent. That on February 1, 19 61, he personally supervised the setting a Baker Model D Production Facker in Gulf Oil Corporation (Operator) Kila Well No. 1 , located in (lease) Letter A , Section 25 , Township 22-8 , Range 37-E , NMPM, Lea County, New Mexico. That said packer was set at a subsurface depth of 5000 feet said depth measurement having been furnished by P.G.A.C. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
That he is of lawful age and has full knowledge of the facts herein set out. That he is employed by Gulf Oil Corporation in the capaci of Production Foremen and as such is its authorized agent. That on February 1, 19 61, he personally supervised the setting a Baker Model D Production Packer in Gulf Oil Corporation (Operator) Ella Well No. 1, located in 1 (lease) Letter A, Section 25, Township 22-8, Range 37-E, NMFM, Lea County, New Mexico. That said packer was set at a subsurface depth of 5000 feet said depth measurement having been furnished by P.G.A.C. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to below the packer with fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
That he is of lawful age and has full knowledge of the facts herein set out. That he is employed by Gulf Oil Corporation in the capaci of Production Foremen and as such is its authorized agent. That on February 1, 19 61, he personally supervised the setting a Baker Model D Production Packer in Gulf Oil Corporation (Operator) Ella Well No. 1, located in 1 (lease) Letter A, Section 25, Township 22-8, Range 37-E, NMFM, Lea County, New Mexico. That said packer was set at a subsurface depth of 5000 feet said depth measurement having been furnished by P.G.A.C. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to below the packer with fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
That he is employed by Gulf Oil Corporation
That on February 1, 19 61, he personally supervised the setting a Baker Model D Production Packer in Gulf Oil Corporation (Operator) Ella Well No. 1 , located in (lease) Letter A , Section 25 , Township 22-S , Range 37-E , NMPM, Lea County, New Mexico. That said packer was set at a subsurface depth of 5000 feet said depth measurement having been furnished by P.G.A.G. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum above the packer. That the packer with fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
That on February 1, 19 61, he personally supervised the setting a Baker Model D Production Packer in Gulf Oil Corporation (Make and Type of Packer) (Operator) File (Iease) Letter A , Section 25 , Township 22-S , Range 37-E , NMPM, Lea County, New Mexico. That said packer was set at a subsurface depth of 5000 feet said depth measurement having been furnished by P.G.A.C. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to below the packer with fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
That on February 1, 19 61, he personally supervised the setting a Baker Model D Production Packer in Gulf Oil Corporation (Make and Type of Packer) (Operator) File (Lease) Letter A , Section 25 , Township 22-S , Range 37-E , NMPM, Lea County, New Mexico. That said packer was set at a subsurface depth of 5000 feet as a said depth measurement having been furnished by P.G.A.C. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to be specified by the packer with fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer. Gulf Oil Corporation
A Baker Model D Production Packer in Oulf Oil Corporation (Make and Type of Packer) (Operator) **Ella** Well No. 1 , located in the line of the li
Ella Well No. 1 , located in (lease) Letter A , Section 25 , Township 22-8 , Range 37-E , NMPM, Lea County, New Mexico. That said packer was set at a subsurface depth of 5000 feet said depth measurement having been furnished by P.G.A.C. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
(lease) Letter A , Section 25 , Township 22-8 , Range 37-E , NMPM, Lea County, New Mexico. That said packer was set at a subsurface depth of 5000 feet said depth measurement having been furnished by P.G.A.C. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to below the packer with fluids produced from a stratus below the packer with fluids produced from a stratus above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
Letter A , Section 25 , Township 22-S , Range 37-E , NMPM, Lea County, New Mexico. That said packer was set at a subsurface depth of 5000 feet said depth measurement having been furnished by P.G.A.C. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to be selected by the packer with fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
That said packer was set at a subsurface depth of 5000 feet said depth measurement having been furnished by P.G.A.C. That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to be proved the commingling, within the well-bore, of fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
That said packer was set at a subsurface depth of
That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer. Galf Oil Corporation
That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to be proved the commingling, within the well-bore, of fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to be proved the commingling, within the well-bore, of fluids produced from a stratum above the packer. That the packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
