RE: Drinkard Estate #5-G
Sec. 25, T22S, R37E

Gentlemen:

In 1990 you squeezed the producing zones in the above-referenced well but you did not furnish any demonstration of mechanical integrity of the wellbore. Since all zones are abandoned and the well has not been recompleted, you should comply with Rule 203 and pressure test the well and obtain a TA permit.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
