Re: Drinkard Estate #5-G  
Sec. 25, T22S, R37E

Gentlemen:

According to a sundry notice filed March 9, 1990, the Tubb and Drinkard/Abo zones were squeezed in the above-referenced well. So far no recompletion has been filed. Since there has been no production from this well in over one year, you should obtain a TA permit as required by Rule 201.

Please file C-103 intent to TA or plug.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I
