Dear Sir,

You have filed an intention to plug your Baker "A" #3, located in Unit B, Section 26, T 22 S, R 37 E, on January 15, 1975. Since this date we have received no notification that this well has been plugged.

If you have not plugged this well, and do not plan to plug immediately, you will have to file form C-103 showing this well to be temporarily abandoned.

If you have plugged this well, the Oil Conservation has not received the final plugging report (C-103) on same, you will have to file the final report as soon as possible. Also, the O. C. D. needs to know the status of the surface location on this well.

Sincerely,

OIL CONSERVATION DIVISION

John W. Runyan
