17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was shut in February 1, 1973, as uneconomical to operate due to low oil and high water production. This lease is considered to have potential for secondary recovery. We propose to temporarily abandon the well by leaving it shut in pending determination of waterflood possibilities.
