

# NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

RECEIVED  
APR 15 1938  
REGISTERED

## MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track every detail, from small expenses to major investments.

2. The second section focuses on the role of technology in modern record-keeping. It highlights how digital tools can streamline the process, reduce errors, and provide real-time access to data. The author argues that embracing technology is not just a convenience but a necessity for staying competitive in today's fast-paced environment.

3. The third part of the document addresses the challenges of data security and privacy. It notes that as more information is stored digitally, the risk of breaches and unauthorized access increases. The text provides several recommendations for mitigating these risks, including regular security audits, employee training, and the use of encrypted communication channels.

4. The fourth section discusses the importance of regular reviews and audits. It states that periodic checks are crucial for identifying discrepancies, correcting mistakes, and ensuring that all records are up-to-date. The author suggests that organizations should establish a clear schedule for these reviews and assign specific responsibilities to designated personnel.

5. The fifth part of the document touches upon the legal implications of record-keeping. It mentions that certain industries are subject to strict regulations regarding data retention and access. The text advises organizations to consult with legal counsel to ensure they are fully compliant with all applicable laws and standards.

6. The sixth section explores the benefits of a well-maintained record system. It points out that accurate records can facilitate better decision-making, improve operational efficiency, and provide a clear history of past actions. The author concludes that investing in a solid record-keeping system is a long-term strategy that pays off in numerous ways.

7. The final part of the document offers some concluding thoughts and encourages organizations to take immediate action. It reiterates the key points made throughout the text and stresses the importance of a proactive approach to record management. The author ends with a call to action, urging readers to implement the suggested practices as soon as possible.
