

NEW MEXICO OIL CONSERVATION COMMISSION
Santa Fe, New Mexico

DUPLICATE

MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF	X	REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL

OIL & GAS INSPECTOR
Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the implementation of the proposed changes. It details the steps involved in the process, from the initial planning phase to the final execution. This section also addresses the potential challenges that may arise during the implementation process and provides strategies to overcome them. The goal is to ensure a smooth transition and successful outcome for the organization.

3. The third part of the document discusses the long-term impact of the changes. It explores how the implementation of the new system will affect the organization's overall performance and efficiency. This section also highlights the importance of ongoing monitoring and evaluation to ensure that the changes continue to deliver the desired results. The document concludes by emphasizing the commitment of the organization to continuous improvement and innovation.

4. The fourth part of the document provides a detailed overview of the financial aspects of the project. It includes a breakdown of the costs involved in the implementation and operation of the new system. This section also discusses the expected financial benefits and the return on investment. The goal is to provide a clear understanding of the financial implications of the proposed changes.

5. The fifth part of the document discusses the legal and regulatory requirements that must be met. It outlines the various laws and regulations that apply to the organization's operations and the steps that must be taken to ensure compliance. This section also addresses the importance of maintaining accurate records and the potential consequences of non-compliance. The document concludes by emphasizing the organization's commitment to legal and regulatory compliance.

6. The final part of the document provides a summary of the key findings and recommendations. It reiterates the importance of maintaining accurate records and the need for ongoing monitoring and evaluation. The document also provides a clear call to action for the organization to implement the proposed changes and achieve its goals. The overall tone of the document is professional and informative, providing a comprehensive overview of the project and its implications.
