Mr. Lem Peters
Peters and Elder
Midland, Texas

In re: Your Humble State H
Well No. 2
24-22-37

Dear Mr. Peters:

I notice on the filing of your reports on the above listed well, that you have set 150' of 15 $\frac{1}{2}$ " casing, mudded, but with no cement.

I notice also on your Form 102 that you are intending to run 500' of 12 $\frac{1}{2}$ " casing and plan to mud, but not cement, it.

According to the Rules and Regulations of the Commission, for this area, all surface pipe must be cemented.

Will you please stop in the office at your earliest convenience as I would like to talk to you about this matter.

Very truly yours,

Roy O. Yarbrough
Oil and Gas Inspector
Oil Conservation Commission
