Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL	X	REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF		REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL			

Midland, Texas

February 8, 1940

Place

Date

OIL CONSERVATION COMMISSION,

Santa Fe, New Mexico.

*Ray Garbrough*  
OIL & GAS INSPECTOR

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track every aspect of their operations, from procurement to sales.

2. In the second section, the author addresses the challenges of data management in a rapidly changing environment. It highlights the need for flexible and scalable solutions that can adapt to new technologies and data sources. The text argues that organizations must invest in training and development to ensure their workforce is equipped to handle complex data sets and analyze them effectively.

3. The third part of the document focuses on the role of leadership in driving organizational success. It stresses that leaders must provide clear vision and direction, while also fostering a culture of innovation and collaboration. The text suggests that effective leaders are those who can inspire their teams to achieve their full potential and overcome any obstacles that may arise.

4. The fourth section discusses the importance of risk management in any organization. It outlines the various types of risks that can impact an organization, including financial, operational, and reputational risks. The text recommends that organizations should conduct regular risk assessments and develop contingency plans to mitigate potential threats.

5. The fifth part of the document explores the benefits of automation in business processes. It notes that automation can significantly reduce manual errors and increase efficiency, allowing organizations to focus more on strategic initiatives. The text suggests that organizations should identify areas where automation can be applied and invest in the necessary technology and infrastructure.

6. The sixth section discusses the importance of customer feedback in improving products and services. It argues that organizations should actively seek out feedback from their customers and use it to make informed decisions about future developments. The text suggests that organizations should implement mechanisms for collecting and analyzing customer feedback, such as surveys and focus groups.

7. The seventh part of the document focuses on the importance of cybersecurity in protecting sensitive information. It notes that cyber threats are becoming increasingly sophisticated and frequent, making it essential for organizations to have strong security measures in place. The text recommends that organizations should conduct regular security audits and implement best practices for data protection.

8. The eighth section discusses the importance of sustainability in business operations. It argues that organizations have a responsibility to minimize their environmental impact and promote social responsibility. The text suggests that organizations should integrate sustainability into their core business strategy and report on their progress to stakeholders.

9. The ninth part of the document explores the importance of innovation in staying competitive in the market. It notes that organizations must continuously seek out new ideas and ways to improve their products and services. The text suggests that organizations should foster a culture of innovation by encouraging employees to share their ideas and experiment with new approaches.

10. The final section of the document provides a summary of the key points discussed and offers some concluding thoughts. It reiterates the importance of maintaining accurate records, managing data effectively, providing clear leadership, managing risks, automating processes, seeking customer feedback, ensuring cybersecurity, promoting sustainability, and fostering innovation. The text concludes by expressing optimism about the future of organizations that embrace these principles.
