Attn: Mr. Joe Ramey

Re: Gulf State 1A  
Section 36-T22S-R37E  
Lea County, New Mexico

Dear Joe:

As per your notification and in compliance with your request we are filing Form C-104 to change our gas transporter on the subject well from Warren Petroleum to Northern Natural Gas Co.

This change was necessary because of reclassification of the well from oil-casinghead to condensate-dry gas due to an excessive producing ratio.

The well under Administrative Order NSP-709 is approved for an 80 acre non-standard gas proration unit in the Blinbry Gas Pool.

If you are in need of any other filing to assign the 80 acre gas allowable effective January 1, 1972, please so advise.

Sincerely yours,

Paul G. White  
Vice President-Production
