RE: State A A/c-1 #78
Unit G, Sec. 14, T23S, R36E

Gentlemen:

The former operator, Hal J. Rasmussen, had filed an intent to recomplete the above-referenced well from the Langlie Mattix to the Jalmat Pool. Since no progress reports have been received and more than one year has elapsed since this intent to recomplete was approved, this intent to recomplete is considered cancelled.

Should you at a later date decide to recomplete, please resubmit.

Very truly yours,

OIL CONSERVATION DIVISION
