NEW MEXICO OIL & GAS ENGINEERING COMMITTEE  
BOX 127 HOBBS, NEW MEXICO

Box 1270

NO. 000

Company The Texas Company Address Midland, Texas Date 4-14-54  
Lease State of N.M. "B" Well # 3 Unit      Sec.      T.      R.      S.      Pool Jalco Gas Pool

NATURE OF WORKOVER

Drill Deeper      Cement plugback      Plastic plugback      Set Liner       
Cement squeeze      Plastic squeeze      Set Packer      Acidize x Shoot      Set Bridging Plug x

FOR PURPOSE OF

Increase production, Oil      Gas x Shut off water      Shut off gas     

RESULTS SUMMARY

Complete success      Partial success x Failure     

DATE

Workover started 3-9-54 Completed 3-14-54

WELL DATA

D.F. elev. 3484 Completion date 7-25-43 Prod. formation Seven Rivers

Oil String 5-1/2 inch pipe set at 3635

Depth of hole before 3692 After 3500

Formation packer set at      with perforations above      below     

     inch liner set. Top      Bottom      Cemented w.      sax,

and perforated with      holes from      to     

Section squeezed from      to      with      sacks cement or

     gallons plastic. Maximum pressure used      P.S.I.

INSTRUMENTS RUN IN CONJUNCTION WITH OR PRIOR TO WORKOVER

Temperature bomb      Electric log      Dowell pilot      Gamma ray     

Water witch      Hole Caliper      Dia-log      Other     

RESULTS DETAIL

	BEFORE	AFTER
Oil production Bbls./day	<u>3</u>	<u>0</u>
Water Production Bbls./day	<u>28</u>	<u>0</u>
Gas Production M.C.F./day	<u>63.9</u>	<u>1530</u>
Gas oil ratio	<u>20613</u>	<u>-</u>

REMARKS: Well was entered to change status from oil to gas. Casing  
was perforated from 3305 to 3337, 3352 to 3380, and 3395 to 3417.  
Perforations were washed with 1000 gallons acid.

1. The first part of the text discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track and document every aspect of their operations, from procurement to sales.

2. The second part of the text addresses the challenges associated with data management and security. It highlights the need for organizations to invest in secure storage solutions and implement strict access controls to protect sensitive information. The text also mentions the importance of regular data backups and disaster recovery plans to ensure business continuity in the event of a security breach or system failure.

3. The third part of the text focuses on the role of technology in improving operational efficiency. It discusses how automation tools can streamline repetitive tasks, reduce human error, and accelerate decision-making processes. The text encourages organizations to explore innovative technologies such as artificial intelligence and machine learning to gain a competitive edge in the market.

4. The fourth part of the text discusses the importance of fostering a culture of innovation and continuous improvement. It suggests that organizations should encourage employees to share their ideas and suggestions for process improvements. The text also mentions the need for regular training and development programs to keep the workforce up-to-date with the latest industry trends and technologies.

5. The fifth part of the text addresses the importance of maintaining strong relationships with stakeholders, including customers, suppliers, and regulatory bodies. It emphasizes that effective communication and collaboration are key to achieving long-term success. The text suggests that organizations should establish clear channels of communication and regularly engage with their stakeholders to address their concerns and needs.

6. The sixth part of the text discusses the importance of financial management and budgeting. It suggests that organizations should develop a comprehensive budgeting system to track their financial performance and identify areas for cost reduction. The text also mentions the importance of regular financial audits to ensure the accuracy of the financial statements and the compliance of the organization with relevant regulations.

7. The seventh part of the text addresses the importance of risk management. It suggests that organizations should identify potential risks to their operations and develop strategies to mitigate them. The text mentions the importance of regular risk assessments and the implementation of risk management frameworks to ensure the organization's resilience in the face of uncertainty.

8. The eighth part of the text discusses the importance of sustainability and corporate social responsibility (CSR). It suggests that organizations should integrate sustainability into their core business strategy and report on their CSR activities. The text mentions the importance of setting clear sustainability goals and the implementation of programs to address environmental, social, and governance issues.

9. The ninth part of the text addresses the importance of talent management and workforce development. It suggests that organizations should focus on attracting, retaining, and developing top talent. The text mentions the importance of creating a supportive work environment, offering competitive compensation, and providing opportunities for career growth and development.

10. The tenth part of the text discusses the importance of strategic planning and vision setting. It suggests that organizations should develop a clear vision and mission statement to guide their strategic decisions. The text mentions the importance of regular strategic planning sessions and the implementation of a strategic framework to ensure the organization's long-term success.
