Re: Well No. 1
Federal 714 Lease
SW/4, Section 17
T-23-S, R-36-E,
Lea County, New Mexico

Gentlemen:

Thank you for your letter of July 11, 1957, offering to sell us casinghead gas available from your well No. 1, located on the above captioned lease.

The location of this well is approximately four miles from our nearest low pressure gathering line, and in view of this and the low volume of gas available, we must decline your offer at this time.

We appreciate your offer to sell us this gas and should the situation change, we will be glad to reconsider your request at that time.

Very truly yours,

C. W. Rathwick

Federal 714 Lease
3 1/4 of Sec. 17, T-23-S, R-36-E,
Lea County, New Mexico

Gentlemen:

In answer to your letter of August 9, 1957, we have again looked at the possibility of extending our lease to gather casinghead gas in the vicinity of your Federal 714 Lease.

We feel that at the present time sufficient volumes of gas are not available to warrant an economical operation of our low pressure facilities. However, should the situation change upon completion of your test well, we will be glad to discuss a possible purchase of gas with you at that time.

We are again offering for sale gas from this

Very truly yours,

D. W. Rathwick

PHILLIPS PETROLEUM COMPANY

BARTLESVILLE, OKLAHOMA

August 30, 1957

Subject: Eunice Plant

File: 2-K1-524-

Sinclair Oil & Gas Company
Sinclair Oil Building
Tulsa, Oklahoma

Attention: Mr. Bruce Hartman

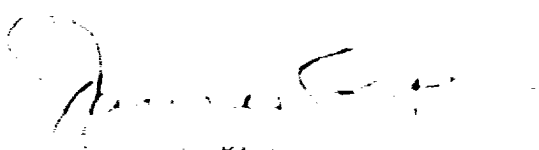

Gentlemen:

Reference is to your request that we evaluate the possibility of utilizing the casinghead gas from your Federal #714 Lease in Lea County, New Mexico, described as:

#1 Federal 714 - NE/4 SW/4 Section 17, Township 23 South,
Range 36 East.

We have completed an engineering study in regard to connecting the above described lease and wish to advise that due to the small volume of gas available and the distance from our present gathering system we are unable to offer you a market for this gas. If a sufficient volume of gas should be developed in the future we shall be glad to again evaluate the possibility of utilizing your gas.

Yours very truly

James H. Kirk
