**SIMULTANEOUS DEDICATION
S.E. LONG, WELL #6
BLINEBRY GAS POOL
LEA COUNTY, NEW MEXICO**

Dear Mr. Stognor:

Further to our telephone conversation of several weeks ago, attached please find copy of C-101 and C-102 requesting approval to plug back the subject well. The originals of these forms, together with a copy of this letter, have been sent to the Hobbs District Office. The well is currently producing out of the Drinkard and permission is requested to plug back this well and produce it, as a gas well, out of the Blinebry.

As mentioned in our telephone conversation, well #6 is located on the same proration unit as wells S.E. Long #5, #7 and #8 and is a standard location, being 660' FSL and 560' FEL. Simultaneous dedication of acreage under Administrative Order SD-93-3 was previously authorized by your letter dated November 30, 1993.

Should you need any further information, please do not hesitate to call me at (713) 775-2081.

Yours very truly,

Patricia B. Swanner
Regulatory Technician
