

OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

SEP 6 - 1945

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

OIL CONSERVATION COMMISSION,
SANTA FE, NEW MEXICO.

Gentlemen:

Following is a report on the work done and the results obtained under the heading noted above at the

N. G. Penrose, Inc. Jones Well No. 1 in the
Company or Operator Lease

SW 1/4 of SW 1/4 of Sec. 6, T. 22S, R. 38E, N. M. P. M.,
wildcat Field, Lea County.

The dates of this work were as follows: August 25, 1945Notice of intention to do the work was ~~submitted~~ submitted on Form C-102 on August 23 1945

and approval of the proposed plan was (was not) obtained. (Cross out incorrect words.)

DETAILED ACCOUNT OF WORK DONE AND RESULTS OBTAINED

We cemented 9-5/8" casing at depth of 2867' with 1700 sacks at 2:00 P.M. August 22, 1945.

We ran a temperature traverse on August 23, 1945 and determined that cement had returned outside of 9-5/8" casing to point 40' below top of rotary table. Plug was drilled at 1:00 A.M. August 25, 1945 after casing had been tested with 750# pressure.

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the implementation of the proposed changes. It details the steps involved in the process, from initial planning to the final execution. This section also addresses the potential challenges that may arise during the implementation phase and provides strategies to overcome them. The goal is to ensure a smooth transition and successful outcome for the organization.

3. The third part of the document discusses the long-term impact of the changes. It explores how the implementation of the new system will affect the organization's overall performance and efficiency. This section also highlights the importance of ongoing monitoring and evaluation to ensure that the changes continue to deliver the desired results. The document concludes by emphasizing the commitment of the organization to continuous improvement and innovation.

4. The fourth part of the document provides a summary of the key findings and conclusions. It reiterates the importance of the changes and the commitment of the organization to their successful implementation. This section also includes a list of recommendations for future actions and a timeline for the next steps. The document is signed by the relevant authorities and dated.

5. The fifth part of the document contains the appendices, which include additional information and data. This section provides a detailed breakdown of the financial data, as well as a list of the personnel involved in the implementation process. The appendices are designed to provide a comprehensive overview of the project and its results, allowing for a thorough understanding of the organization's operations and the impact of the changes.

6. The sixth part of the document discusses the future prospects of the organization. It outlines the strategic vision and the goals for the next five years. This section also highlights the organization's commitment to sustainability and social responsibility, as well as its efforts to foster a culture of innovation and excellence. The document concludes by expressing confidence in the organization's ability to achieve its long-term goals and to continue to grow and thrive in the future.

7. The seventh part of the document contains the references and bibliography. It lists the sources of information used in the document, including books, articles, and other publications. This section is designed to provide a clear and concise overview of the research and data used in the document, allowing for a thorough understanding of the organization's operations and the impact of the changes.

8. The eighth part of the document contains the index and table of contents. This section provides a quick and easy way to find the information you need in the document. The index lists the key terms and concepts, while the table of contents provides a detailed breakdown of the document's structure and content. This section is designed to make the document more accessible and user-friendly, allowing for a more efficient and effective reading experience.

9. The ninth part of the document contains the glossary and definitions. This section provides clear and concise definitions for the key terms and concepts used in the document. This section is designed to ensure that all readers have a common understanding of the terminology used in the document, allowing for a more accurate and consistent interpretation of the information.
