Attention: Mr. Randall Montgomery

Gentlemen:

With reference to your letter of June 10th regarding the gas that is now being flared from our Belcher #1, please be advised that we have today signed contract with the Skelly Oil Company for casinghead gas connection.

The first delivery of gas is anticipated to be on or before 45 days from now. We trust that it will not be necessary for us to secure a no flare order during the intervening period, and we will make no such application unless we hear to the contrary from you.

With best regards,

R. OLSEN OIL COMPANY
