Gentlemen:

In accordance with New Mexico Oil Commission memorandum dated January 1, 1955 pertaining to application for "No-flare Order" the following information is submitted.

1. Neville G. Penrose, Inc. respectfully request exception to Rule 1 of special rules applying to the Blinbry Pool, Lea County, New Mexico as set forth in Order No. R-610.
 2. Legal description: Neville G. Penrose, Inc., McCallister #1, 660' FNL & 660' FWL, Sec. 7-22S-38E.
 3. List of wells on lease: McCallister #1.
 4. "See attached plat."
 5. Our records reflect that this well produces approximately 14 MCF of gas per month with a GOR of 505-1. Although we would very much like to sell this gas, we do not feel that the pipeline could justify laying approximately 3000' of line to take this gas. If at some time in the future the gas production should be increased sufficiently to justify pipeline connection of course the revocation of the order would be submitted.
