Re: Proposed NSP 513

Proposed NSL_____

Proposed NFC, _____

Proposed DC _____

Gentlemen:

I have examined the application dated 3/28/60
for the Texaco, Inc. C. H. Lockhart #2 18222-38
Operator Lease and Well No. S-T-R

and my recommendations are as follows:

O.K. --- E.F.E.

O.K. — J.W.R.

Yours very truly,

OIL CONSERVATION COMMISSION

1. The first two columns of the table are the names of the countries and the years in which the data were collected. The third column is the name of the variable being measured.		
2. The fourth column is the name of the variable being measured. The fifth column is the name of the variable being measured.		
3. The sixth column is the name of the variable being measured. The seventh column is the name of the variable being measured.		
4. The eighth column is the name of the variable being measured. The ninth column is the name of the variable being measured.		
5. The tenth column is the name of the variable being measured. The eleventh column is the name of the variable being measured.		
6. The twelfth column is the name of the variable being measured. The thirteenth column is the name of the variable being measured.		
7. The fourteenth column is the name of the variable being measured. The fifteenth column is the name of the variable being measured.		
8. The sixteenth column is the name of the variable being measured. The seventeenth column is the name of the variable being measured.		
9. The eighteenth column is the name of the variable being measured. The nineteenth column is the name of the variable being measured.		
10. The twentieth column is the name of the variable being measured. The twenty-first column is the name of the variable being measured.		
11. The twenty-second column is the name of the variable being measured. The twenty-third column is the name of the variable being measured.		
12. The twenty-fourth column is the name of the variable being measured. The twenty-fifth column is the name of the variable being measured.		
13. The twenty-sixth column is the name of the variable being measured. The twenty-seventh column is the name of the variable being measured.		
14. The twenty-eighth column is the name of the variable being measured. The twenty-ninth column is the name of the variable being measured.		
15. The thirtieth column is the name of the variable being measured. The thirty-first column is the name of the variable being measured.		
16. The thirty-second column is the name of the variable being measured. The thirty-third column is the name of the variable being measured.		
17. The thirty-fourth column is the name of the variable being measured. The thirty-fifth column is the name of the variable being measured.		
18. The thirty-sixth column is the name of the variable being measured. The thirty-seventh column is the name of the variable being measured.		
19. The thirty-eighth column is the name of the variable being measured. The thirty-ninth column is the name of the variable being measured.		
20. The fortieth column is the name of the variable being measured. The forty-first column is the name of the variable being measured.		
21. The forty-second column is the name of the variable being measured. The forty-third column is the name of the variable being measured.		
22. The forty-fourth column is the name of the variable being measured. The forty-fifth column is the name of the variable being measured.		
23. The forty-sixth column is the name of the variable being measured. The forty-seventh column is the name of the variable being measured.		
24. The forty-eighth column is the name of the variable being measured. The forty-ninth column is the name of the variable being measured.		
25. The fiftieth column is the name of the variable being measured. The fifty-first column is the name of the variable being measured.		
26. The fifty-second column is the name of the variable being measured. The fifty-third column is the name of the variable being measured.		
27. The fifty-fourth column is the name of the variable being measured. The fifty-fifth column is the name of the variable being measured.		
28. The fifty-sixth column is the name of the variable being measured. The fifty-seventh column is the name of the variable being measured.		
29. The fifty-eighth column is the name of the variable being measured. The fifty-ninth column is the name of the variable being measured.		
30. The sixtieth column is the name of the variable being measured. The sixty-first column is the name of the variable being measured.		
31. The sixty-second column is the name of the variable being measured. The sixty-third column is the name of the variable being measured.		
32. The sixty-fourth column is the name of the variable being measured. The sixty-fifth column is the name of the variable being measured.		
33. The sixty-sixth column is the name of the variable being measured. The sixty-seventh column is the name of the variable being measured.		
34. The sixty-eighth column is the name of the variable being measured. The sixty-ninth column is the name of the variable being measured.		
35. The seventieth column is the name of the variable being measured. The seventy-first column is the name of the variable being measured.		
36. The seventy-second column is the name of the variable being measured. The seventy-third column is the name of the variable being measured.		
37. The seventy-fourth column is the name of the variable being measured. The seventy-fifth column is the name of the variable being measured.		
38. The seventy-sixth column is the name of the variable being measured. The seventy-seventh column is the name of the variable being measured.		
39. The seventy-eighth column is the name of the variable being measured. The seventy-ninth column is the name of the variable being measured.		
40. The eightieth column is the name of the variable being measured. The eighty-first column is the name of the variable being measured.		
41. The eighty-second column is the name of the variable being measured. The eighty-third column is the name of the variable being measured.		
42. The eighty-fourth column is the name of the variable being measured. The eighty-fifth column is the name of the variable being measured.		
43. The eighty-sixth column is the name of the variable being measured. The eighty-seventh column is the name of the variable being measured.		
44. The eighty-eighth column is the name of the variable being measured. The eighty-ninth column is the name of the variable being measured.		
45. The ninetieth column is the name of the variable being measured. The ninety-first column is the name of the variable being measured.		
46. The ninety-second column is the name of the variable being measured. The ninety-third column is the name of the variable being measured.		
47. The ninety-fourth column is the name of the variable being measured. The ninety-fifth column is the name of the variable being measured.		
48. The ninety-sixth column is the name of the variable being measured. The ninety-seventh column is the name of the variable being measured.		
49. The ninety-eighth column is the name of the variable being measured. The ninety-ninth column is the name of the variable being measured.		
50. The hundredth column is the name of the variable being measured. The hundred-first column is the name of the variable being measured.
