Gentlemen:

This is to advise that Gulf's Gutman #1 dual in the Blinebry and Tubb pools, Unit N Section 19 Township-22 S, Range-38 E, Lea County, New Mexico is no longer producing condensate.

Permission is hereby requested to haul the remaining stock, approximately 49 barrels, from this lease to the Vivian commingled battery, Section 30 Township-22 S, Range-38 E, to be run for sale.

Texas-New Mexico Pipeline is the transporter for both the Gutman and Vivian leases.

Please advise if these arrangements are satisfactory.

Yours very truly

R. C. Anderson
