RE: Application to Dually Complete  
Gulf Oil Corporation Gutman No. 2,  
Drinkard Pool, Lea County, New  
Mexico

Gentlemen:

By this letter of application, Gulf Oil Corporation wishes to state the following:

(a) That Gulf Oil Corporation Gutman No. 2, located in the NE/4 NW/4 of Section 19-22S-38E, is drilling and will be projected to a total depth of 7100'. The attached Exhibit "A" shows the location of this well on the Gulf Oil Corporation Gutman Lease together with the location of all offset wells.

(b) That subject well will have 7" casing set at 7100' and cemented with 500 sacks of cement. The well is to be an oil well producing from the perforated interval from 6700' - 7100' in the Drinkard Pool.

(c) That the applicant proposes to dually complete the well in the following manner:

(1) Perforate the 7" casing within the approximate interval of 5950' - 6250' in the Tubb Gas Pool.

(2) Set production type packer below these perforations at approximately 6300' to separate the two pay zones.

(3) Produce the Drinkard Pool oil through the tubing and the Tubb gas through the tubing-casing annulus.

(d) That the granting of this application for permission to produce the well as a dual completion with gas from the Tubb and oil from the Drinkard is in the interest of conservation and the protection of correlative rights.

(e) That the applicant will comply with all rules and regulations of the New Mexico Oil Conservation Commission to maintain separation of production from the two pay zones.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is essential for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for a systematic approach to data collection and the importance of using reliable sources of information.

3. The third part of the document describes the process of identifying and addressing potential risks and challenges. It stresses the importance of proactive risk management and the need to develop effective strategies to mitigate potential threats.

4. The fourth part of the document discusses the role of communication and collaboration in achieving the organization's goals. It emphasizes the importance of clear communication and the need for all team members to work together effectively.

5. The fifth part of the document outlines the various metrics and indicators used to measure the organization's performance. It highlights the need for a balanced scorecard approach that takes into account both financial and non-financial factors.

6. The sixth part of the document describes the process of reviewing and evaluating the organization's progress. It stresses the importance of regular reviews and the need to make adjustments as necessary to stay on track.

7. The seventh part of the document discusses the importance of continuous improvement and the need to seek out new opportunities for growth and innovation. It emphasizes the importance of a culture of learning and the need to embrace change.

8. The eighth part of the document outlines the various challenges and obstacles that may be encountered during the implementation of the plan. It highlights the need for a strong leadership team and the importance of maintaining motivation and morale.

9. The ninth part of the document discusses the importance of monitoring and evaluating the impact of the plan on the organization's stakeholders. It emphasizes the need for a comprehensive evaluation process that takes into account the interests of all affected parties.

10. The tenth part of the document outlines the various steps and actions that need to be taken to implement the plan successfully. It stresses the importance of a clear timeline and the need for regular communication and reporting.
