RE: Downhole Commingling
A. H. Blinebry Federal NCT-1 Well No. 6
Unit Letter B, Sec. 19, T-22-S, R-38-E
Blinebry Oil & Gas and Drinkard Fields
Lea County, New Mexico

Gentlemen:

Texaco Inc. respectfully requests administrative approval to commingle production from the Blinebry Oil & Gas and Drinkard Pools in the wellbore of A. H. Blinebry Federal NCT-1 Well No. 6 in accordance with New Mexico Oil Conservation Division Rule 303-C. The Blinebry Oil & Gas and Drinkard Pools have previously been approved for downhole commingling.

This well meets all pre-requisites for downhole commingling, as described in New Mexico Oil Conservation Division Rule 303-C, 1(A-H). The ownership of these zones is common, including working interest, royalty and over-riding royalty. These zones have been surface commingled on this lease and no incompatibility of the fluids has been found.

The recommended oil and gas allocation from the two zones is as follows:

	<u>Oil</u>	<u>Gas</u>
Blinebry Oil and Gas	60%	33%
Drinkard	40%	67%
