

# OIL CONSERVATION COMMISSION

HOBBS, NEW MEXICO

October 10, 1956

The Texas Co.  
Box 1270  
Midland, Tex.

Gentlemen:

A check of the file for your A. H. Blinebry No.7 in Unit G of Section 19, T-22-S, R-38-E shows that on October 1, 1956 Form C-110 listing Permian Basin Pipeline Co. as the transporter of casinghead gas was approved. If Permian Basin is the correct transporter, please advise by letter; if not, please submit a corrected Form C-110 showing the correct transporter or that gas is being vented, whichever is the case.

If gas is still being vented, it will be necessary for you to make application to the office of the Commission in Santa Fe for a No-Flare order for this well.

Yours very truly,

OIL CONSERVATION COMMISSION

# OIL CONSERVATION COMMISSION

HOBBBS NEW MEXICO

March 10, 1951

Mr. J. H. ...  
Mr. ...  
Mr. ...

Dear Sirs:

Enclosed for you are two copies of a report on the oil conservation work of the Commission during the past year. The report is a summary of the work of the Commission and is intended to be a guide to the work of the Commission in the future. It is hoped that it will be of some help to you in your work.

It is also enclosed for you a copy of a report on the oil conservation work of the Commission during the past year. The report is a summary of the work of the Commission and is intended to be a guide to the work of the Commission in the future. It is hoped that it will be of some help to you in your work.

Very truly yours,

JOHN H. ...
