

## NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

## MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the results of its investigation of the activities of the Soviet Union in the United States. This is a serious matter, and the Commission is deeply concerned about the lack of information. It is hoped that the Government will provide the Commission with the information it needs to carry out its duties.

ZEISSHEIM 30.05.2014 14.00 UHR. SEHR GUT. IN GUTER VERFAHRUNG

Two to three million people are expected to be in the city in the next few days and there is a real possibility of a breakdown of law and order. It is estimated that there will be a shortage of food and other necessities.

• *Staphylococcus aureus* (Staph aureus) is a Gram positive cocci in clusters. It is a facultative anaerobe and is found in the skin, nose, and throat. It is a common cause of skin infections, such as abscesses, boils, and impetigo. It can also cause more serious infections, such as pneumonia, sepsis, and food poisoning.
