RE: Reclassification of Well
Evelyn Lineberry, #2-L
Sec. 29-T22S-R38E
Blaine Oil & Gas

Gentlemen:

The annual Gas-Oil Ratio Test for the above-referenced well indicated this well should be reclassified from an oil well to a gas well in the Blaine Oil & Gas Pool, with the oil allowable being cancelled effective January 1, 1998.

If for some reason you feel this test does not reflect the proper classification of this well, please submit another test for our consideration by December 29, 1997.

If the well is to be reclassified from oil to gas you will need to submit the following:

- 1.) Form C-102 acreage dedication plat for the well, outlining a standard 640 acres proration unit or application for a NSP.
- 2.) Form C-104 showing reclassification from oil to gas effective January 1, 1998, indicating transporters of condensate and dry gas for this well.
- 3.) Indicate if gas well gas is separately metered.

If you have questions concerning the above, please contact Nelda Morgan at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION

Chris Williams
Chris Williams
Supervisor District I

CW:nm

PLEASE NOTE: This well should have been reclassified in 1996.
