Re: Reclassification of Well
A. H. Blinbry Federal NCT-3 #1-D
Sec. 31, T22S, R38E
Tubb Oil and Gas Pool

Gentlemen:

Due to the recently submitted gas-oil ratio test for the above-referenced well, it will be reclassified as an oil well in the Tubb Oil and Gas Pool effective January 1, 1987, and the gas allowable cancelled that date.

If for some reason you feel the recently submitted test does not reflect the proper classification of the well, please submit a new test for our consideration by November 24, 1986.

It will be necessary to submit a new acreage dedication plat, Form C-102, for this well outlining 40 acres for the oil well classification. In the event there is a transporter change due to the reclassification, please submit Form C-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION
