Gentlemen:

Due to the recently submitted gas-oil ratio test for the Tubb zone in your State "P" Com Well No. 1 located in Unit F of Section 32, T-22-S, R-38-E, it will be reclassified from gas to oil in accordance with the provisions of Division Order No. R-6012. The reclassification will be effective January 1, 1980, and the gas allowable will be cancelled and an oil allowable assigned that date.

In order to update our file for the well due to this reclassification, please submit two copies of a revised Form C-102 for the Tubb zone outlining a 40 acre proration unit for the well.

Yours very truly,

OIL CONSERVATION DIVISION
