New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Attn: Mr. A. L. Porter, Jr.

Gentlemen:

It is respectfully requested that the Oil Conservation Commission schedule an examiner hearing at an early date in Hobbs, New Mexico, to consider our application to dually complete the State "P" No. 2, located 1980' from the south line, 660' from the west line of Section 32, Township 22 South, Range 38 East, Lea County, New Mexico. The attached Exhibit "A" shows the location of the well on the Cities Service Oil Company State "P" Lease, together with the location of all offset wells.

Cities Service proposes to dually complete the State "P" No. 2 in the following manner:

1. Equip the well as indicated on the attached schematic drawing.
2. Produce oil from the Blinberry formation through 2" tubing from perforated intervals 5624 to 5654'.
3. Produce oil from the Drinkard formation through 1" tubing from perforated intervals 6932 to 7102'.

A copy of this application with diagram and plat included has been sent by registered mail to each of the offset operators named on the attached list.

Very truly yours,

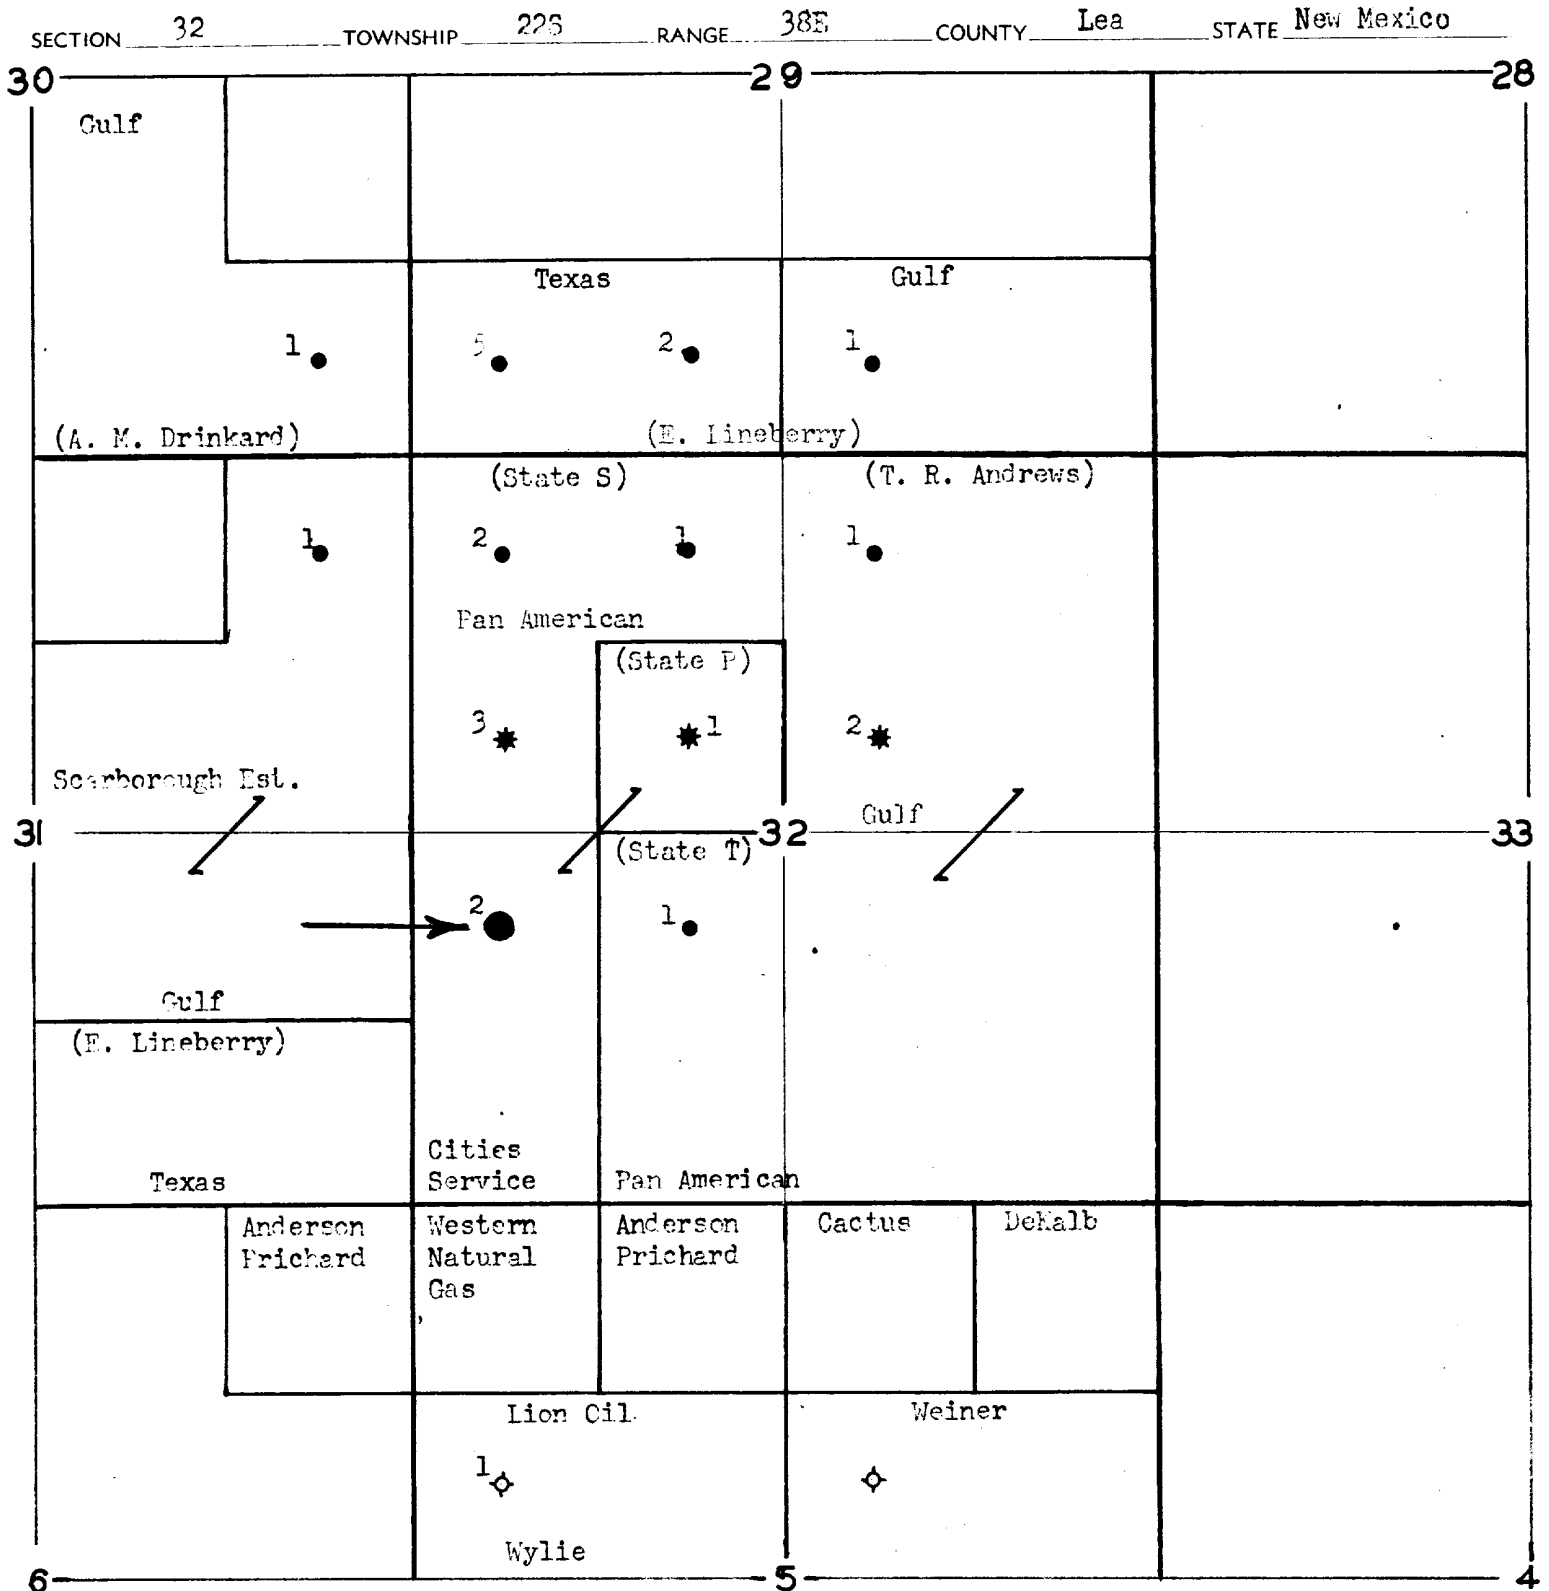

E. F. Motter
District Engineer
