Attn: Mr. A. L. Porter, Jr.
Secretary-Director

Gentlemen:

Texaco Inc. respectfully requests the dedication of additional acreage to the above subject well which is located in Unit G, Section 33, T-22-S, R-38-E. At the present time the gas proration unit includes 160 acres. The section in which this well is located lies alongside the New Mexico-Texas state boundary line. However, the east-west dimension of Section 33 is slightly greater than one mile in order to terminate at the state boundary line. The quarter section involved, therefore, includes an additional 12.34 acres. It is requested that this additional acreage be added to the present 160-acre proration unit and that the allowable for this well be increased accordingly. Attached hereto are revised Form C-128, well location and acreage dedication plats.

Yours very truly,

C. L. Whigham
Division Proration Engineer
