Attention Jerry Sexton, Supervisor District 1

In response to your letter dated May 12, 1989, I am resubmitting the test for the New Mexico 'S' State No. 24-J. This test was performed April 3 through April 8 on the Wantz ABO and Wantz Granite Wash completions. I am, also, enclosing a copy of a test performed February 5 through February 10 on the same well. This test was performed on the Drinkard and Wantz ABO completions and submitted to your office March 22, 1989. The Penrose Skelly GB completion is abandoned. This should finish the testing for all the completions of this well. If you have any questions, please call me at 915-688-7556.

Sincerely
