Oil Conservation Division  
P. O. Box 2088  
Santa Fe, New Mexico 87504

Attn: Mr. William J. LeMay - Director

Gentlemen:

Clayton W. Williams, Jr., Inc. respectfully requests your approval of this administrative application for the subject Unorthodox Gas Well Location and Simultaneous Dedication.

Clayton W. Williams, Jr., Inc. is planning to re-complete it's State "A" A/C 1 Well No. 109 in the Jalmat Tansil Yates 7-Rivers (Pro Gas) Pool. It is our desire to also simultaneously dedicate the existing 320-acre Jalmat Gas Proration Unit assigned to our State "A" A/C 1 Well Nos. 65, 73, 27, 98, 84, 26, and 105 to all eight wells. As a result, the location of the State "A" A/C 1 Well No. 109 becomes unorthodox in that it is less than 990 feet from the outer boundary of the proration unit. The location of Well No. 109 is 560 feet FNL and 660' FEL of Section 23, T-23-S, R-36-E, Lea County, New Mexico.

In order to prevent waste, Clayton W. Williams, Jr., Inc. respectfully requests your approval of this administrative application for an unorthodox gas well location and simultaneous dedication. Attached is a map showing offset operators and a Form C-102 plat. A copy of this letter and attachments are being furnished by Certified Mail to offset operators as their notice of this application.

If you have any questions or require any further information concerning this application, please contact me at (915) 688-3239.

Yours very truly,

David G. Grafe  
Petroleum Engineer
