P.O. Box 1938
Roswell, New Mexico

Subject Well: No. 1 North Center Mountain Unit, 660 FNL and
1900 FNL Sec. 28, Township 23 South, Range 35
East, Lea County, New Mexico

Dear Mr. Curtis:

The New Mexico District, Water Resources Division of the United States Geological Survey, agrees to accept all responsibility incidental to the subject well including the future plugging of the subject well in accordance with the New Mexico Oil Conservation Commission's Regulations, without additional cost to Gulf Oil Corporation, provided that:

Gulf Oil Corporation agrees as evidenced by the signature of an authorized representative, to give and transfer all of their rights, title and interest in the subject well, including any rights of ingress and egress to the subject well which may be owned by Gulf Oil Corporation, together with the casing in the subject well, to the New Mexico District, Water Resources Division of the United States Geological Survey, for use as a water-level observation well. Gulf Oil Corporation further agrees to plug the subject well back to 17,840 feet in accordance with the New Mexico Oil Conservation Commission's Regulations, thus leaving approximately 500 feet of uncased hole.

Yours truly,

William E. Hale, District Chief
U.S. Geological Survey, WRD
Albuquerque, New Mexico
