17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

It is proposed to dually complete this well by adding the Paddock reservoir to the presently producing Drinkard. It is planned to perforate the Paddock with 2 - 1/2" jets per foot @ 5121-5122' and acidize with 2500 gals. reg. acid. If this completion attempt is successful, the appropriate forms will be submitted to the NMOCC at that time.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
