Dear Sir:

Gulf Oil Corporation requests your administrative approval for an unorthodox location in the Blinebry Pool for R. E. Cole (NCT-A) No. 9, 1075' FSL and 2395' FWL of Section 16-22S-37E, Lea County, New Mexico.

Subject well was recently recompleted as an oil well in the Blinebry Pool.

This well was originally drilled at a non-standard location in the Undesignated Silurian and Montoya Oil Pools, Order No. R-3290 dated August 1, 1967. The well was dry in the Silurian and Montoya and was completed in the Drinkard Pool and Order No. R-3290 was amended for the NSL in the Drinkard Pool.

It is now requested this order be further amended to include the Blinebry Pool.

The attached plat outlines the R. E. Cole (NCT-A) Lease as well as the location of Well No. 9.

All offset operators have been furnished a copy of this application by certified mail.
