Re: Application to Dual Complete
Danglade Well No. 3
Section 13, T-22-S, R-37-E
Lea County, New Mexico

Dear Sir:

Texas Pacific Oil Company, Inc., respectfully requests administrative approval to dual complete the subject well in the Blinebry oil and Drinkard oil. Upon completion it will be produced through two strings of tubing.

A similar multiple completion was granted administrative approval Order No. R-1223 on July 21, 1958, to Sunray Mid-Continent Oil Company State Land Well No. 3.

September 11, 1974, Texas Pacific submitted application to dual complete subject well in the Drinkard and Wantz Granite Wash Oil Pools. Administrative approval No. MC-2141 was granted. After work was completed the granite wash proved to be unsuccessful.

Copies of this application furnished to all offset operators.

Very truly yours,

TEXAS PACIFIC OIL COMPANY, INC.

R. J. Womack h7
