Subject: OGRIDS

Donna, I was correct in telling you that if the word Yes appears next to an OGRID that means I cannot use that OGRID. This is a STID and Ed Martin said this is how ONGARD was designed so in the case of G P Sims I had to create a brand new ogrid which is 197936 and I put the blanket bond under this ogrid and released the bond under 149647. I attached the roles so all should be cleared up. Thanks.
