I, Floyd E. Dill, being of lawful age,
do state that I am employed by Halliburton Company in the capacity
of Procedure Analyst, and that on the 28th day of
June, 19 69, Halliburton Company performed
a cementing service for the purpose of cementing the (production,
Surface string of casing in Well Number
protection, surface)
Karoles, 1 Lease, located in
Lea County, Texas for Southwestern Natural Gas Inc.
(customer)

Information provided me by the customer, his agent or
representative, states that the above string of casing was size
8 5/8 O. D., set in 11 inch drilled hole, and that
casing depth set was 1120 feet.

Cement and admixes used were: 300 sacks Trinity Lite-Wate,
1/4 lb. Flocele, 3 lb. Gilsonite per sack; 100 sacks Class "C",
2 sacks calcium chloride

Based upon the above information, according to my cement
tables, I have calculated that the above volume of cement will fill
up an annular height of 2514 feet between 8 5/8 casing and
(size) (size)
