Gentlemen:

Due to recently submitted gas-oil ratio tests, your State "A" A/C 1 Well No. 41 located in Unit A and No. 100 located in Unit H, both in Section 9, T-23-S, R-36-E, will be reclassified as oil wells in the Jalmat Pool effective September 1, 1978.

Since these wells share a 320 acre gas proration unit with Well No. 111 located in Unit N of Section 4, T-23-S, R-36-E, it will be necessary to reduce the acreage dedicated to No. 111 by at least 80 acres, and it will be necessary for you to apply for approval of the revised gas proration unit.

Please advise this office as to your intent in this regard.

Yours very truly,

OIL CONSERVATION DIVISION

Supervisor, District 1
