13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

We plan to perform a remedial workover on the above well. In order to perform the work a 10' x 50' workover pit will be dug within the boundaries of the original drilling pad. The pit will be lined and properly fenced. At such time as the pit is no longer needed, it will be cleaned out and the surface restored to its previous state. This work will begin ASAP.

14. I hereby certify that the foregoing is true and correct
