Re: LPG Storage Well No. 4
Skelly Oil Company
Eunice, New Mexico

Dear Sir:

Mr. Joe D. Ramey of your Hobbs office has called to our attention that we have not previously filed for permission to drill the LPG storage well located at our Eunice Gasoline Plant No. 1. The well is in Unit K of Section 27, T-22-S, R-37-E as indicated on the attached plat. A diagrammatic sketch of the installation is also attached. The final capacity of the well will be 50,000 barrels of which we have washed 27,000 barrels at present.

The forms C-101, C-103 and C-105 have been submitted to, and approved by the Oil Conservation Commission.

We are sending copies of this letter and the attachments to the following for their notification:
